

Softball - Site Safety Risk Management Tool – ver 3.0

SOFTBALL FIELDS / DIAMONDS

| | | | |
|---|--|--|--|
| Association Name: | Ridge Meadows Minor Softball Association | | |
| Location Name: | Albion Sports Complex | | |
| Municipality: | Maple Ridge, British Columbia | | |
| Complete for each Diamond/Field in the complex you are planning to use. Washrooms, changerooms, equipment rooms can be completed for the entire complex (as applicable) | | | |
| Field/Diamond Information | | | |
| Field Name and identifier (e.g. SW, #1, etc.) | #1 – Meadow Ridge Rotary Field | | |
| | | | |
| Dugouts | | | |
| Room for personal distancing | <input type="checkbox"/> Good | <input checked="" type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Ease of entry/exit | <input checked="" type="checkbox"/> Good | <input type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Ability to distance from spectators | <input checked="" type="checkbox"/> Good | <input type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Access to hand-washing facilities | <input type="checkbox"/> Good | <input type="checkbox"/> Fair | <input checked="" type="checkbox"/> Poor |
| Ability to disinfect/clean | <input checked="" type="checkbox"/> Good | <input type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Wet / Hot weather alternatives | <input type="checkbox"/> Good | <input checked="" type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Level of sharing with “non-softball” field users | <input checked="" type="checkbox"/> Low | <input type="checkbox"/> Med | <input type="checkbox"/> High |
| Notes/Comments: | <p>The ability to social distance specifically in the dugouts of this diamond is very low specifically due to the square footage in the actual dugouts. The dugouts at all four diamonds examined in this site safety risk assessment do not leave sufficient space for personal distance. The recommendation would be to prohibit use of the dugouts for all softball activities explored in Inning 1. Physical barriers, ie. gates or fences locked to each exit of the dugout would avoid inadvertent use by any participant.</p> | | |

| Wet / Hot weather alternatives | <input type="checkbox"/> Good | X Fair | <input type="checkbox"/> Poor |
| Level of sharing with “non-softball” field users | X Low | <input type="checkbox"/> Med | <input type="checkbox"/> High |
| Notes/Comments: | Spectators should be minimized at this location and in assessing the site safety risk assessment for this location spectators should be prohibited from the area between the diamonds marked in green in the below aerial photograph. This area should be used for players and coaches with spectators viewing from down the foul lines and deep in the outfield. The bleachers should be removed or used as a method to block the players area from spectators. | | |

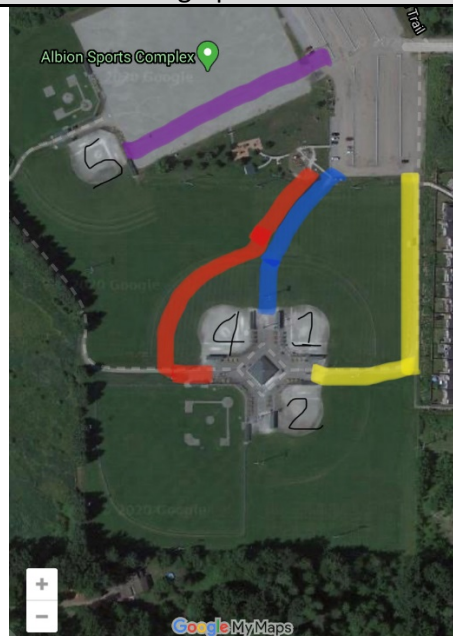

PHOTOS & DIAGRAMS: As much as possible, please include photos of each area identified above

General Notes / Comments:

For this specific diamond the team would use the back of the thirdbase dugout to store their equipment on the fence and enter on and off the field using the thirdbase line so as not to interact with players or coaches from another diamond.

For entry to the facility for this diamond players and spectators would follow the below blue path and enter through the marked entry and exit shown in the below photograph. The start and end time of the practices for the practices on Field #1 – Meadow Ridge Rotary Field and Field #4 – Swan-E-Set Field would need to be staggered to minimize the interaction between players and coaches as they would use a common entry point.

Overall Photographs:

Pathway to enter to Field #1 by blue path from parking lot

Softball - Site Safety Risk Management Tool – ver 3.0

Area designated for players and coaches only during Inning 1 activities

Entry to be used for Field #1 for blue path

Inspected by (Name & Club): Gary Waterman - RMMSA

Date Inspected: June 16, 2020

For this specific diamond the team would use the back of the thirdbase dugout to store their equipment on the fence and enter on and off the field using the thirdbase line so as not to interact with players or coaches from another diamond.

For entry to the facility for this diamond players and spectators would follow the below red path and enter through the marked entry and exit shown in the below photograph. The start and end time of the practices for the practices on Field #1 – Meadow Ridge Rotary Field and Field #4 – Swan-E-Set Field would need to be staggered to minimize the interaction between players and coaches as they would use a common entry point.

Overall Photographs:

Pathway to enter to Field #4 by red path from parking lot

Softball - Site Safety Risk Management Tool – ver 3.0

Area designated for players and coaches only during Inning 1 activities

Entry to be used for Field #4 for red path

SOFTBALL FIELDS / DIAMONDS

| | | | |
|---|--|--|--|
| Association Name: | Ridge Meadows Minor Softball Association | | |
| Location Name: | Albion Sports Complex | | |
| Municipality: | Maple Ridge, British Columbia | | |
| Complete for each Diamond/Field in the complex you are planning to use. Washrooms, changerooms, equipment rooms can be completed for the entire complex (as applicable) | | | |
| Field/Diamond Information | | | |
| Field Name and identifier (e.g. SW, #1, etc.) | #2 – Maple Ridge Community Credit Union Field | | |
| | | | |
| Dugouts | | | |
| Room for personal distancing | <input type="checkbox"/> Good | <input checked="" type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Ease of entry/exit | <input checked="" type="checkbox"/> Good | <input type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Ability to distance from spectators | <input checked="" type="checkbox"/> Good | <input type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Access to hand-washing facilities | <input type="checkbox"/> Good | <input type="checkbox"/> Fair | <input checked="" type="checkbox"/> Poor |
| Ability to disinfect/clean | <input checked="" type="checkbox"/> Good | <input type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Wet / Hot weather alternatives | <input type="checkbox"/> Good | <input checked="" type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Level of sharing with “non-softball” field users | <input checked="" type="checkbox"/> Low | <input type="checkbox"/> Med | <input type="checkbox"/> High |
| Notes/Comments: | <p>The ability to social distance specifically in the dugouts of this diamond is very low specifically due to the square footage in the actual dugouts. The dugouts at all four diamonds examined in this site safety risk assessment do not leave sufficient space for personal distance. The recommendation would be to prohibit use of the dugouts for all softball activities explored in Inning 1. Physical barriers, ie. gates or fences locked to each exit of the dugout would avoid inadvertent use by any participant.</p> | | |

| Wet / Hot weather alternatives | <input type="checkbox"/> Good | <input checked="" type="checkbox"/> Fair | <input type="checkbox"/> Poor |
| Level of sharing with “non-softball” field users | <input checked="" type="checkbox"/> Low | <input type="checkbox"/> Med | <input type="checkbox"/> High |
| Notes/Comments: | Spectators should be minimized at this location and in assessing the site safety risk assessment for this location spectators should be prohibited from the area between the diamonds marked in green in the below aerial photograph. This area should be used for players and coaches with spectators viewing from down the foul lines and deep in the outfield. The bleachers should be removed or used as a method to block the players area from spectators. | | |

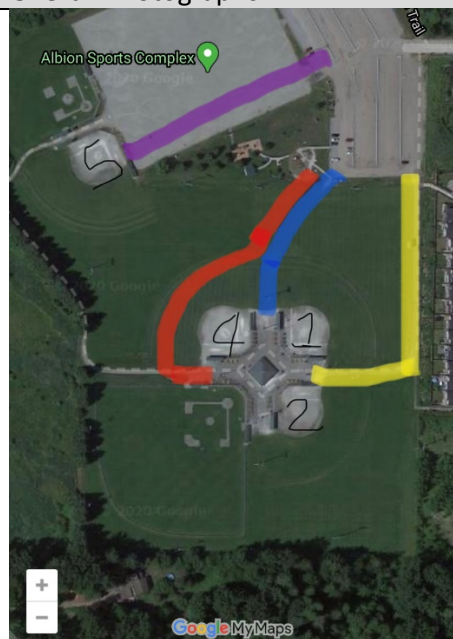

PHOTOS & DIAGRAMS: As much as possible, please include photos of each area identified above

General Notes / Comments:

For this specific diamond the team would use the back of the thirdbase dugout to store their equipment on the fence and enter on and off the field using the thirdbase line so as not to interact with players or coaches from another diamond.

For entry to the facility for this diamond players and spectators would follow the below yellow path and enter through the marked entry and exit shown in the below photograph. There would be no need to stagger practice times with other fields at Field #5– Maple Ridge Community Credit Union field would be using their own isolated entry point.

Overall Photographs:

Pathway to enter to Field #5 by purple path from parking lot

OTHER FACILITIES / AREAS

| Batting Cages | |
|-------------------------------------|---|
| Room for personal distancing | <div>X Good</div> <div>□ Fair</div> <div>□ Poor</div> |
| Ability to distance from spectators | <div>X Good</div> <div>□ Fair</div> <div>□ Poor</div> |
| Ease of entry/exit | <div>X Good</div> <div>□ Fair</div> <div>□ Poor</div> |
| Hand-washing facilities | <div>□ Good</div> <div>□ Fair</div> <div>X Poor</div> |
| Ability to disinfect/clean | <div>X Good</div> <div>□ Fair</div> <div>□ Poor</div> |
| Notes/Comments: | <p>The batting cages contain two separate hitting lanes when in use would facilitate social distancing given the layout of the batting cages.</p> <p>With the protocol to minimize the people in the cage to just the hitter and the batter it would provide the ability to distance from spectators and minimize the potential for contact in the batting cages.</p> <p>There is one central entry and exit to the hitting cages that can easily be sanitized and the door is set-up to avoid inadvertent contacts by the nature of being able to see in and respect social distancing.</p> <p>There are no hand washing facilities easily accessible in the batting cage area where social distancing can be maintained. One suggestion from this site safety risk assessment is to provide each participant their own specific hand sanitizer so they can maintain their personal sanitization.</p> <p>There ability to disinfect and clean the batting cage is high as the surfaces can all be cleansed and minimal effort would be needed to maintain the safety in this area.</p> |
